

Thank you for your interest in the NCPA. Enclosed is a membership application and letter of introduction. You may complete the application and mail or fax it back to my attention. If you have any questions about NCPA membership, please let me know.

The Association was established in 1897 and is the national trade association for the cottonseed processing industry. In addition to 100% of the U.S. cottonseed crushing industry, association membership also includes refiners, which process cottonseed oil into semi-finished and finished products, dealers and brokers who market cottonseed products, and commercial laboratories that provide grading, quality control, referee and other services.

Major services of the Association are the administration of trading rules and standards, a domestic PR program for cottonseed oil, foreign market development for cottonseed meal, the Internet resource www.cottonseed.com, and an information service center for members on legislation, statistics, government regulations, court decisions, and other factors affecting their business. NCPA's annual convention in May each year brings together the industry for fun and business. The NCPA *Newsletter* keeps members informed on the latest developments in research news, industry events, statistics and other factors. Membership also includes a subscription to **The Cotton Gin & Oil Mill Press**.

Membership in the Association is by application and requires the recommendation by two Regular Members (a Regular Member being a current Oil Mill, Refiner, and/or Dealer Member). Dues are billed on a 12 month basis and are \$500 USD per year.

Sincerely,

Ben Morgan
Executive Vice President
